## Where To Download The Rationality Of Religious Beliefs Philpapers

Faith and rationality exist in varying degrees of conflict or compatibility. Rationality is based on reason or facts. Faith is belief in inspiration, revelation, or authority. The word faith sometimes refers to a belief that is held with lack of reason or evidence, a belief that is held in spite of or against reason or evidence, or it can refer to belief based upon a degree of evidential warrant. Although the words faith and belief are sometimes erroneously conflated and used as synonyms, faith

### **Faith and rationality - Wikipedia**

Theistic rationalism is a hybrid of natural religion, Christianity, and rationalism, in which rationalism is the predominant element. According to Henry Clarence Thiessen, the concept of theistic rationalism first developed during the eighteenth century as a form of English and German Deism. The term "theistic rationalism" occurs as early as 1856, in the English translation of a German work on recent religious history. Some scholars have
