Understanding Business Ethics / Edition 1|Paperback

Ethics is a set of moral standards for judging whether something is right or wrong. The first step in understanding business ethics is learning to recognize an ethical issue. An ethical issue is a situation where someone must choose between a set of actions that may be ethical or unethical.

The Visual Effects Producer : Understanding the Art and ...

This paper argues that a behavioral approach to ethics is essential because it leads to understanding and explaining moral and immoral behavior in systematic ways. The authors first define business ethics and provide an admittedly biased history of the attempts of professional schools to address ethics as a subject of both teaching and research.
